Audio Seminar
November 6, 2012

Practical Tools for Seminar Learning
By accessing, purchasing, or registering for any AHIMA audio seminar or webinar, you agree to the terms and conditions outlined in the AHIMA Audio Seminar/Webinar Terms of Use Agreement.

AHIMA Audio Seminar/Webinar Terms of Use Agreement

If you do not accept and abide by this Agreement, you may not download, access, or attend AHIMA audio seminars or webinars. Nothing in this Agreement shall be deemed to confer any third party rights or benefits.

Description of Service. AHIMA audio seminars and webinars are live or recorded events available via phone, Web, download, or Audio CD at a fee. AHIMA (American Health Information Management Association) reserves the right to modify, suspend or discontinue the product with or without notice at any time and without any liability to you. An executed registration or order form constitutes binding agreement between the parties.

Personal Use. AHIMA audio seminars and webinars are made available to you for personal or single office (e.g. a conference room) use only and may not be rebroadcast, retransmitted, shared or disseminated without the express written permission of AHIMA. In addition, AHIMA component state associations (CSA) and local chapters or other groups of individuals representing multiple companies or separate offices within a single facility do not constitute a "single office" and may not share an audio seminar or webinar.

If a registrant needs the ability to share audio seminar or webinar content outside his or her single office or facility, a multiple registration license is required. Unauthorized sharing of AHIMA audio seminar and webinar content through the sharing of user names and passwords or via alternative media (including, but not limited to iPod, CD-ROM and Flash Drive) through the sharing of said media, or via patching phone lines is restricted by law and may subject the copyright infringer to substantial civil damages. AHIMA reserves the right to refuse service to anyone at any time without notice for any reason. AHIMA audio seminar and webinar content may be available for licensed use for larger organizations and other uses under separate licensing arrangements made through AHIMA’s business development team. You agree not to sell, reproduce, distribute, modify, display, publicly perform, prepare derivative works based on, or otherwise use, the AHIMA Programs in any way for any public or commercial purpose. Except as specifically agreed to by the parties in writing, you may not distribute, license, transfer or assign the AHIMA programs to any 3rd party.

Proper Use. AHIMA reserves the right, but shall have no obligation, to investigate your use of the Product in order to determine whether a violation of the Agreement has occurred.

Intellectual Property Rights. You acknowledge that AHIMA owns all right, title and interest in and to the Product content, except where stated otherwise, including without limitation all intellectual property rights (the “AHIMA Rights”) specific to content, and such AHIMA Rights are protected by U.S. and international intellectual property laws. Accordingly, you agree that you will not copy, reproduce, alter, modify, or create derivative works from the Service.

Disclaimers. AHIMA programs and services are provided on an "as is" and "as available" basis, with all faults. Neither AHIMA nor any person associated with AHIMA makes any warranty or representation with respect to the quality, accuracy or availability of the AHIMA programs or programs and services. Except as expressly stated herein, AHIMA disclaims all warranties, conditions, representations, indemnities and guarantees with respect to the AHIMA programs and programs and services, all components thereof whether express or implied, arising by law, custom or prior oral or written statements made by AHIMA, its representatives, third parties or otherwise, including but not limited to, the warranties of merchantability and fitness for a particular purpose. Further, the warranties stated above will not apply to the extent that there has been (A) use of the AHIMA programs in a manner for which it was not intended; or (B) modification of the AHIMA programs by anyone other than AHIMA. AHIMA does not warrant uninterrupted or error-free operation of the AHIMA programs, that AHIMA will correct all defects or that installation or operation of the AHIMA programs will not affect other software of systems of the user.

Limitation of Liability. Except with respect to obligations under the indemnification section of this agreement, neither party will not be liable for any consequential, exemplary, incidental, indirect, or special damages or costs including, but not limited to, lost profits or loss of goodwill, resulting from any claim or cause of action based upon breach of warranty, breach of contract, negligence, strict liability, product liability, or any other legal theory, even if advised or should have known of the possibility thereof. Each party’s maximum liability for direct damages is limited to the total fees paid and payable to AHIMA under this agreement during the then current term during which the incident that gave rise to the claim occurred.
Disclaimer

The American Health Information Management Association makes no representation or guarantee with respect to the contents herein and specifically disclaims any implied guarantee of suitability for any specific purpose. AHIMA has no liability or responsibility to any person or entity with respect to any loss or damage caused by the use of this audio seminar, including but not limited to any loss of revenue, interruption of service, loss of business, or indirect damages resulting from the use of this program. AHIMA makes no guarantee that the use of this program will prevent differences of opinion or disputes with Medicare or other third party payers as to the amount that will be paid to providers of service.

CPT® five digit codes, nomenclature, and other data are copyright 2012 by the American Medical Association. All Rights Reserved. No fee schedules, basic units, relative values or related listings are included in CPT®. The AMA assumes no liability for the data contained herein.

As a provider of continuing education the American Health Information Management Association (AHIMA) must assure balance, independence, objectivity and scientific rigor in all of its endeavors. AHIMA is solely responsible for control of program objectives and content and the selection of presenters. All speakers and planning committee members are expected to disclose to the audience: (1) any significant financial interest or other relationships with the manufacturer(s) or provider(s) of any commercial product(s) or service(s) discussed in an educational presentation; (2) any significant financial interest or other relationship with any companies providing commercial support for the activity; and (3) if the presentation will include discussion of investigational or unlabeled uses of a product. The intent of this requirement is not to prevent a speaker with commercial affiliations from presenting, but rather to provide the participants with information from which they may make their own judgments.

This material is designed and provided to communicate information about clinical documentation, coding, and compliance in an educational format and manner. The author is not providing or offering legal advice but, rather, practical and useful information and tools to achieve compliant results in the area of clinical documentation, data quality, and coding. Every reasonable effort has been taken to ensure that the educational information provided is accurate and useful. Applying best practice solutions and achieving results will vary in each hospital/facility and clinical situation.
Disclaimer

Document Usage Rights

This document is exclusively for use by individuals attending the associated audio seminar or webinar (named on the first page of this document), in conjunction with their attendance of the live or recorded version of the presentation. All material herein is copyright 2012 American Health Information Management Association (AHIMA), except where otherwise noted. It may not be redistributed without prior written permission from AHIMA.
Faculty

**Ann Barta, MSA, RHIA,** is director of HIM Solutions for AHIMA. In her role, she provides professional expertise to AHIMA members, the media and outside organizations on professional practice issues. Ms. Barta is an AHIMA-approved ICD-10-CM/PCS trainer, and serves as content developer and faculty for the AHIMA ICD-10-CM/PCS Academies. Previously, she was a corporate coding manager for a large healthcare system and has more than 30 years experience as a HIM Director and coding consultant. She has been an educator of coding and HIM for more than 15 years.

**Ann Zeisset, RHIT, CCS, CCS-P,** is an independent consultant on ICD-10-CM/PCS. Ms. Zeisset is an AHIMA-approved ICD-10-CM/PCS trainer, and serves as content developer and external ICD-10-CM/PCS faculty for AHIMA. Previously, she was manager of Professional Practice Resources for AHIMA, providing professional expertise on coding practice issues. Ms. Zeisset has also been an educator of coding and HIM for over 25 years at multiple colleges, and served as adjunct faculty in the HIM Program at the University of Cincinnati.

Objectives

- Analyze ICD-10-CM Chapter 15 categories
- Explain ICD-10-CM terminology
- Discuss organizational changes
- Review chapter 15 ICD-10-CM specific guidelines
- Demonstrate coding examples
- Review ICD-10-PCS codes/guidelines

Chapter 15 Categories, Terminology and Organizational Changes

ORGANIZATION OF ICD-10-CM
ICD-10-CM Chapter 15 Sections

<table>
<thead>
<tr>
<th>Section</th>
<th>Section Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>O00-O08</td>
<td>Pregnancy with abortive outcome</td>
</tr>
<tr>
<td>O09</td>
<td>Supervision of high-risk pregnancy</td>
</tr>
<tr>
<td>O10-O16</td>
<td>Edema, proteinuria and hypertensive disorders in pregnancy, childbirth, and the puerperium</td>
</tr>
<tr>
<td>O20-O29</td>
<td>Other maternal disorders predominantly related to pregnancy</td>
</tr>
<tr>
<td>O30-O48</td>
<td>Maternal care related to the fetus and amniotic cavity and possible delivery problems</td>
</tr>
<tr>
<td>O60-O77</td>
<td>Complications of labor and delivery</td>

<tr>
<td>O80, O82</td>
<td>Encounter for delivery</td>
</tr>
<tr>
<td>O85-O92</td>
<td>Complications predominantly related to the puerperium</td>
</tr>
<tr>
<td>O94-O9A</td>
<td>Other obstetric conditions, not elsewhere classified</td>
</tr>
</tbody>
</table>

Terminology Change

- Episode of care (delivered, antepartum, postpartum) is no longer the axis of classification
- In ICD-10-CM OB conditions are classified by the trimester in which the condition occurred
- Trimesters are counted from the first day of the last menstrual period. They are defined as:
  - 1\(^{st}\) trimester – less than 14 weeks 0 days
  - 2\(^{nd}\) trimester – 14 weeks 0 days to less than 28 weeks 0 days
  - 3\(^{rd}\) trimester – 28 weeks 0 days until delivery
Chapter Notes

Codes from this chapter are for use only on Maternal records, NEVER on Newborn records.

Codes from this chapter are for use for conditions related to or aggravated by the pregnancy, childbirth, or by the puerperium (maternal causes or obstetric causes).

Use additional code from category Z3A, Weeks of gestation, to identify the specific week of the pregnancy.

Pregnancy With Abortive Outcomes

ICD-9-CM
- Ectopic and Molar Pregnancy (630-633)
  - 630 Hydatidiform mole
  - 631 Other abnormal product of conception
  - 632 Missed abortion
  - 633 Ectopic pregnancy
- Other Pregnancy with Abortive Outcome (634-639)
  - 634 Spontaneous abortion
  - 635 Legally induced abortion
  - 636 Illegally induced abortion
  - 637 Unspecified abortion
  - 638 Failed attempted abortion
  - 639 Complications following abortion and ectopic/molar pregnancy

ICD-10-CM
- Pregnancy with abortive outcome (O00-O08)
  - 000 Ectopic pregnancy
  - 001 Hydatidiform mole
  - 002 Other abnormal products of conception
  - 003 Spontaneous abortion
  - 004 Complications following (induced) termination of pregnancy
  - 007 Failed attempted termination of pregnancy
  - 008 Complications following ectopic and molar pregnancy
Supervision of High Risk Pregnancy

ICD-9-CM
- V23 Supervision of high risk pregnancy
  - V23.0 Pregnancy with history of infertility
  - V23.1 Pregnancy with history of trophoblastic disease
  - V23.2 Pregnancy with history of abortion
  - V23.3 Grand multiparity
  - V23.4 Pregnancy with other poor obstetric history
  - V23.7 Insufficient prenatal care
  - V23.8 Other high-risk pregnancy
  - V23.9 Unspecified high-risk pregnancy

ICD-10-CM
- Supervision of high risk pregnancy (O09)
  - 009.0 with history of infertility
  - 009.1 with history of ectopic or molar pregnancy
  - 009.2 with other poor reproductive or obstetric history
  - 009.3 with insufficient antenatal care
  - 009.4 with grand multiparity
  - 009.5 elderly primigravida and multigravida
  - 009.6 young primigravida and multigravida
  - 009.7 high risk pregnancy due to social problems
  - 009.8 other high risk pregnancies
  - 009.9 high risk pregnancy, unspecified

Supervision of Elderly Primigravida and Multigravida

ICD-9-CM
- V23.81 Elderly primigravida
- V23.82 Elderly multigravida

ICD-10-CM
- 009.51 Supervision of elderly primigravida
  - 009.511 first trimester
  - 009.512 second trimester
  - 009.513 third trimester
  - 009.519 unspecified trimester
- 009.52 Supervision of elderly multigravida
  - 009.521 first trimester
  - 009.522 second trimester
  - 009.523 third trimester
  - 009.529 unspecified trimester
### Hypertension in Pregnancy, Childbirth and the Puerperium

**ICD-9-CM**
- 642 Hypertension complicating pregnancy, childbirth, and the puerperium
  - 642.0 Benign essential hypertension
  - 642.1 Hypertension secondary to renal disease
  - 642.2 Other pre-existing hypertension
  - 642.3 Transient hypertension
  - 642.4 Mild or unspecified pre-eclampsia
  - 642.5 Severe pre-eclampsia
  - 642.6 Eclampsia
  - 642.7 Pre-eclampsia/eclampsia superimposed on pre-existing hypertension
  - 642.9 Unspecified hypertension

**ICD-10-CM**
- Edema, proteinuria and hypertensive disorders in pregnancy, childbirth and the puerperium (O10-O16)
  - O10 Pre-existing essential hypertension
  - O11 Pre-existing hypertension with pre-eclampsia
  - O12 Gestational edema and proteinuria without hypertension
  - O13 Gestational hypertension without significant proteinuria
  - O14 Pre-eclampsia
  - O15 Eclampsia
  - O16 Unspecified maternal hypertension

### Pre-existing Essential Hypertension Complication Pregnancy

- O10.0 Pre-existing essential hypertension complicating pregnancy, childbirth and the puerperium
  - O10.01 Pre-existing essential hypertension complicating pregnancy
    - O10.011 Pre-existing essential hypertension complicating pregnancy, first trimester
    - O10.012 Pre-existing essential hypertension complicating pregnancy, second trimester
    - O10.013 Pre-existing essential hypertension complicating pregnancy, third trimester
    - O10.019 Pre-existing essential hypertension complicating pregnancy, unspecified trimester
  - O10.02 Pre-existing essential hypertension complicating childbirth
  - O10.03 Pre-existing essential hypertension complicating the puerperium
**Infections of Genitourinary Tract in Pregnancy**

**ICD-9-CM**
- 646.6 Infection of genitourinary tract in pregnancy
- Additional code is assigned to identify site of infection
- Additional code is assigned to identify organism

**ICD-10-CM**
- O23 Infections of genitourinary tract in pregnancy
  - O23.0 Infections of kidney in pregnancy
  - O23.1 Infections of bladder in pregnancy
  - O23.2 Infections of urethra in pregnancy
  - O23.3 Infections of other parts of urinary tract in pregnancy
  - O23.4 Unspecified infection of urinary tract in pregnancy
  - O23.5 Infections of the genital tract in pregnancy
  - O23.9 Unspecified genitourinary tract infection in pregnancy

**Preterm Labor**

**ICD-9-CM**
- 644 Early or threatened labor
  - 644.0 Threatened premature labor
  - 644.1 Other threatened labor
  - 644.2 Early onset of delivery

**ICD-10-CM**
- O60 Preterm Labor
  - O60.0 Preterm labor without delivery
  - O60.1 Preterm labor with preterm delivery
  - O60.2 Term delivery with preterm labor
**O60.1 Preterm Labor with Preterm Delivery**

- O60.1 Preterm labor with preterm delivery
  - O60.10 Preterm labor with preterm delivery, unspecified trimester
  - O60.12 Preterm labor second trimester with preterm delivery second trimester
  - O60.13 Preterm labor second trimester with preterm delivery third trimester
  - O60.14 Preterm labor third trimester with preterm delivery third trimester

**Polling Question #1**

- What is the correct trimester for a patient that is at 23 completed weeks of gestation?
  1. First trimester
  2. Second trimester
  3. Third trimester
  4. Cannot determine – would need to query the physician
**ICD-10-CM Guidelines**

**CHAPTER 15 GUIDELINES**

**Sequencing Priority**

- Obstetric cases require codes from chapter 15
- Sequencing priority over other chapters
- Additional codes may be used

Incidental pregnancy

- Z33.1, Pregnant state, incidental

Provider’s responsibility to state that the condition being treated is NOT affecting pregnancy
**Chapter 15 Codes Used on Maternal Record**

- Chapter 15 codes are to be used only on the maternal record, never on the record of the newborn
- Chapter 16: Certain Conditions Originating in the Perinatal Period (P00-P96) never used on maternal record

### Trimester

<table>
<thead>
<tr>
<th>Trimester</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1&lt;sup&gt;st&lt;/sup&gt; trimester</td>
<td>less than 14 weeks 0 days</td>
</tr>
<tr>
<td>2&lt;sup&gt;nd&lt;/sup&gt; trimester</td>
<td>14 weeks 0 days to less than 28 weeks 0 days</td>
</tr>
<tr>
<td>3&lt;sup&gt;rd&lt;/sup&gt; trimester</td>
<td>28 weeks 0 days until delivery</td>
</tr>
</tbody>
</table>
Documentation of Trimester

- Based on provider’s documentation
  - Trimester, or
  - Number of weeks

More than One Trimester

Admitted to hospital during one trimester
Remains in hospital into subsequent trimester
Trimester when complication developed, not trimester of discharge
**Unspecified Trimester**

- Unspecified trimester should rarely be used
  - Documentation not sufficient and not possible to obtain clarification

---

**7th Character for Fetus**

- 0 – not applicable or unspecified
- 1 – fetus 1
- 2 – fetus 2
- 3 – fetus 3
- 4 – fetus 4
- 5 – fetus 5
- 9 – other fetus
Selection of OB Principal

- Routine outpatient prenatal visits
  - Code Z34, Encounter for supervision of normal pregnancy
- Prenatal outpatient visits for high-risk patients
  - Category O09, Supervision of high-risk pregnancy
- Episodes when no delivery occurs
  - Correspond to principal complication of pregnancy

Selection of OB Principal

- When a delivery occurs
  - Correspond to main circumstances or complication of delivery
- Cesarean delivery
  - Condition responsible for admission
- Admitted with condition resulting in cesarean
  - That condition is principal
  - Unrelated to cesarean – reason for admission/encounter is principal
Outcome of Delivery

- Z37, Outcome of delivery included on every maternal record delivered
- Examples on next slides

Z37.0  Single live birth
Z37.1  Single stillbirth
Z37.2  Twins, both liveborn
Z37.3  Twins, one liveborn and one stillborn
Z37.4  Twins, both stillborn
Z37.5  Other multiple births, all liveborn
  Z37.50 Multiple births, unspecified, all liveborn
  Z37.51 Triplets, all liveborn
  Z37.52 Quadruplets, all liveborn
  Z37.53 Quintuplets, all liveborn
  Z37.54 Sextuplets, all liveborn
  Z37.59 Other multiple births, all liveborn
Pre-existing Conditions Versus Conditions due to the Pregnancy

Some categories of Chapter 15 distinguishes between

• Conditions of mother that existed prior to pregnancy
• Those that are direct result of pregnancy

Assess if condition was pre-existing or developed during or due to pregnancy

Categories that don’t distinguish – use for either

Use codes for puerperium + codes complicating pregnancy
## Pre-existing Hypertension in Pregnancy

<table>
<thead>
<tr>
<th>Code</th>
<th>Description</th>
<th>Additional Code Reference</th>
</tr>
</thead>
<tbody>
<tr>
<td>O10.1</td>
<td>Pre-existing hypertensive heart disease</td>
<td>I11</td>
</tr>
<tr>
<td>O10.2</td>
<td>Pre-existing hypertensive chronic kidney disease</td>
<td>I12</td>
</tr>
<tr>
<td>O10.3</td>
<td>Pre-existing hypertensive heart and chronic kidney disease</td>
<td>I13</td>
</tr>
</tbody>
</table>
Fetal Conditions Affecting the Management of the Mother

- Codes from categories O35 and O36
  - O35, Maternal care for known or suspected fetal abnormality and damage
  - O36, Maternal care for other fetal problems
  - Assigned when fetal condition modifies management of mother

- In utero surgery
  - Category O35
  - Procedure code 31

HIV Infection in Pregnancy, Childbirth and the Puerperium

HIV-related illness

- Subcategory O98.7-, HIV complicating pregnancy
- Code for HIM-related illness(es)

Asymptomatic HIV infection status

- Subcategory O98.7-, HIV complicating pregnancy
- Z21, Asymptomatic HIV infection status
**Diabetes Mellitus in Pregnancy**

- **Diabetes mellitus**
  - Complicating factor in pregnancy
  - O24, Diabetes mellitus in pregnancy
  - Appropriate diabetes code(s) (E08-E13)
- **Long term use of insulin**
  - Z79.4 also assigned if diabetes mellitus being treated with insulin

**Gestational (Pregnancy Induced) Diabetes**

- Occurs during second and third trimester in women not previously diabetic causing complications
- Puts woman at greater risk of developing diabetes after pregnancy
- O24.4 Gestational diabetes mellitus
- Z79.4, Long-term use of insulin
- O99.81, Abnormal glucose
Sepsis and Septic Shock

**Sepsis**

- Code from chapter 15 + specific type of infection
- If severe sepsis present, R65.2-, Severe sepsis + organ dysfunction code(s)

**Puerperal sepsis**

- O85, Puerperal sepsis + causal organism
- No code from category A40 or A41
- If severe sepsis present, R65.2-, Severe sepsis + organ dysfunction code(s)
**Alcohol Use**

- O99.31- Alcohol use complicating pregnancy, childbirth, and the puerperium
- F10-, Alcohol related disorders also assigned for manifestations of alcohol use

**Tobacco Use**

- O99.33- Smoking (tobacco) complicating pregnancy, childbirth, and the puerperium
- F17-, Nicotine dependence also assigned for type of dependence
Poisoning, Toxic Effects, Adverse Effects and Underdosing

- O9A.2, sequenced first, followed by injury, poisoning, toxic effect, adverse effect or underdosing code + condition caused

Normal Delivery, Code O80

- Code O80
  - Full-term normal delivery of single, healthy infant without any complications antepartum, during delivery, or postpartum
  - Always principal diagnosis
  - Not used with any other chapter 15 code
  - May be used if complication resolved prior to admission for delivery
  - Z37.0, Single live birth
The Peripartum and Postpartum Periods

Peripartum and postpartum periods
- Postpartum
  - Immediately after delivery and continues for six weeks
- Peripartum
  - Last month of pregnancy to five months postpartum

Peripartum and postpartum complication
- Any complication within six-week period

Pregnancy-related complications after 6 week period
- Chapter 15 codes used if documentation indicates

Admission for Routine Postpartum Care
- Delivered outside hospital and admitted with no complications
  - Z39.0, Encounter for care and examination of mother immediately after delivery
Pregnancy Associated Cardiomyopathy

- **O90.3**
  - Cardiomyopathy develops as result of pregnancy
  - Not pre-existing heart disease

Code O94

- Code O94, Sequelae of complication of pregnancy, childbirth, and the puerperium
  - Code O94 used for complication of pregnancy developing a sequelae
  - Used at any time after the initial postpartum period
  - Sequencing of Code O94
    - Sequenced following the code describing the sequelae of the complication
### Termination of Pregnancy and Spontaneous Abortions

**Abortion with Liveborn Fetus**
- Z33.2, Encounter for elective termination of pregnancy + Z37, Outcome of delivery

**Retained Products of Conception following an abortion**
- O03, Spontaneous abortion, or O07.4, Failed attempted termination of pregnancy + Z33.2, Encounter for elective termination of pregnancy

**Complications leading to abortion**
- O07 and O08 + codes from Chapter 15

### Abuse in a Pregnant Patient

- O9A.3, Physical abuse
- O9A.4, Sexual abuse
- O9A.5, Psychological abuse
  - Sequenced first
  - Followed by codes to identify current injury + perpetrator of abuse
**Case #1**

- The patient, G1P0, was admitted in active labor at 38 completed weeks of gestation. The patient was dilated to 6 cm approximately 7 hours following admission. Pitocin augmentation was started and she progressed to complete dilation. A second degree perineal laceration occurred during delivery and was repaired. The nuchal cord was wrapped around the neck of the fetus without compression. A female infant was delivered with Apgar scores of 9 and 9. Code the diagnoses only.
**Case #1**

- O70.1 Second degree perineal laceration during delivery
- O69.81X0 Labor and delivery complicated by cord around neck, without compression
- Z3A.38 38 weeks gestation of pregnancy
- Z37.0 Single live birth

**Case #2**

- The patient is admitted in active labor at 39 weeks gestation. The patient has experienced no complications during her pregnancy. The patient labors for 9 hours and delivers a liveborn male with Apgars of 9 and 9 over an intact perineum. Code the diagnosis codes only.
**Case #2**

- **O80** Encounter for full-term uncomplicated delivery  
- **Z3A.39** 39 weeks gestation of pregnancy  
- **Z37.0** Single live birth

**Codes and Guidelines**

*ICD-10-PCS*
Products of Conception — C1

- Procedures performed on the products of conception are coded to the Obstetrics section. Procedures performed on the pregnant female other than the products of conception are coded to the appropriate root operation in the Medical and Surgical section.
  - Example: Amniocentesis is coded to the products of conception body part in the Obstetrics section. Repair of obstetric urethral laceration is coded to the urethra body part in the Medical and Surgical section.

Products of Conception

- Refer to all components of pregnancy
  - Fetus
  - Embryo
  - Amnion
  - Umbilical cord
  - Placenta
- No differentiation of the products of conception based on gestational age
**Procedures Following Delivery or Abortion**

- Procedures performed following a delivery or abortion for curettage of the endometrium or evacuation of retained products of conception are all coded in the Obstetrics section, to the root operation Extraction and the body part Products of Conception, Retained. Diagnostic or therapeutic dilation and curettage performed during times other than the postpartum or post-abortion period are all coded in the Medical and Surgical section, to the root operation Extraction and the body part Endometrium.

Audio Seminar Discussion

Following today’s live seminar
Available to AHIMA members at www.AHIMA.org
Click on Communities of Practice (CoP) – icon on top right
AHIMA Member ID number and password required – for members only

Join the AHIMA Audio Seminar Community.  
Select Search for Communities from your Personal Page and after locating the desired Community, click the Join icon to the far right.

You will be able to:
• Post your seminar-related discussion under the corresponding topic
• Network with other AHIMA members
• Enhance your learning experience
Become an AHIMA Member Today!

To learn more about becoming a member of AHIMA, please visit our website at ahima.org/membership to Join Now!

AHIMA Audio Seminars

Visit our Web site ahima.org/ContinuingEd/Audio for information on the 2012 seminar schedule. While online, you can also register for seminars or order CDs and web replays of past and future seminars.
Upcoming Audio Seminars

Coding for Injuries and Poisoning in ICD-10 CM
November 8, 2012

2012 Coding Clinic Updates
November 15, 2012

CY13 CPT Updates
December 6, 2012

Thank you for joining us today!

Remember – visit the AHIMA Audio Seminars Web site to complete your evaluation form and receive your CE Certificate online at:

www.ahima.org/ContinuingEd/Audio/2012seminars.aspx

Each person seeking CE credit must complete the mandatory self-assessment which can be found in the appendix of the resource materials, as well as complete the sign-in form and evaluation to view and print their CE certificate.

Certificates will be awarded for AHIMA Continuing Education Credit.

- short O69.3
- thrombosis (vessels) O69.5
- vascular lesion O69.5
- Couvelaire uterus O45.8X-
- damage to (injury to) NEC
- perineum O71.82
- periurethral tissue O71.82
- vulva O71.82
- delay following rupture of membranes (spontaneous)—see Pregnancy, complicated by, premature rupture of membranes
- depressed fetal heart tones O76
Delivery complicated by

- vulva or perineum O71.7
- hemorrhage (uterine) O67.9
- associated with
  - afibrinogenemia O67.0
  - coagulation defect O67.0
  - hyperfibrinolysis O67.0
  - hypofibrinogenemia O67.0
  - due to
    - low-lying placenta O44.1-
    - placenta previa O44.1-
    - premature separation of placenta (normally implanted) (see also Abruptio placentae) O45.9-
    - retained placenta O72.0
    - uterine leiomyoma O67.8
    - placenta NEC O67.8
    - postpartum NEC (atonic) (immediate) O72.1
    - with retained or trapped placenta O72.0
    - delayed O72.2
    - secondary O72.2
    - third stage O72.0
  - hourglass contraction, uterus O62.4
  - hypertension, hypertensive (pre-existing) — see Hypertension, complicated by, childbirth (labor)
  - hypotension O26.5-
  - incomplete dilatation (cervix) O62.0
  - incoordinate uterus contractions O62.4
  - inertia, uterus O62.2
  - during latent phase of labor O62.0
  - primary O62.0
  - secondary O62.1
  - infection (maternal) O98.92
  - carrier state NEC O98.834
  - gonorrhea O98.22
  - human immunodeficiency virus (HIV) O98.72
  - sexually transmitted NEC O98.32
  - specified NEC O98.82
  - syphilis O98.12
  - tuberculosis O98.02
  - viral hepatitis O98.42
  - viral NEC O98.52
  - injury (to mother) (see also Delivery, complicated by, damage to) O71.9
  - nonobstetric O9A.22
  - caused by abuse — see Delivery, complicated by, abuse
    - intrauterine fetal death, early O02.1
    - inversion, uterus O71.2
    - laceration (perineal) O70.9
    - anus (sphincter) O70.4
    - with third degree laceration O70.2
    - with mucosa O70.3
    - without third degree laceration O70.4
    - bladder (urinary) O71.5
    - bowel O71.5
    - cervix (uter) O71.3
    - fourchette O70.0
    - hymen O70.0
    - labia O70.0
    - pelvic
      - floor O70.1
      - organ NEC O71.5
      - perineum, perineal O70.9
      - first degree O70.0
      - fourth degree O70.3
Delivery complicated by

- muscles O70.1
- second degree O70.1
- skin O70.0
- slight O70.0
- third degree O70.2
- peritoneum (pelvic) O71.5
- rectovaginal (septum) (without perineal laceration) O71.4
- with perineum O70.2
- with anal or rectal mucosa O70.3
- specified NEC O71.89
- sphincter ani —see Delivery, complicated, by, laceration, anus (sphincter)
- urethra O71.5
- uterus O71.81
- before labor O71.81
- vagina, vaginal (deep) (high) (without perineal laceration) O71.4
- with perineum O70.0
- muscles, with perineum O70.1
- vulva O70.0
- liver disorder O26.62
- malignancy O94.12
- malnutrition O25.2
- malposition, malpresentation
- placenta (with hemorrhage) O44.1-
- without hemorrhage O44.0-
- uterus or cervix O65.5
- without obstruction (see also Delivery, complicated by, obstruction) O32.9
- breech O32.1
- compound O32.6
- face (brow) (chin) O32.3

    - some liveborn Z37.60
    - quadruplets Z37.62
    - quintuplets Z37.63
    - sextuplets Z37.64
  - specified number NEC Z37.69
    - triplets Z37.61
    - single NEC Z37.9
    - liveborn Z37.0
    - stillborn Z37.1
    - twins NEC Z37.9
    - both liveborn Z37.2
    - both stillborn Z37.4
    - one liveborn, one stillborn Z37.3
Excludes1: fetal stress NOS (O77.9)
labor and delivery complicated by electrocardiographic evidence of fetal stress (O77.8)
labor and delivery complicated by ultrasonic evidence of fetal stress (O77.8)

Excludes2: abnormality in fetal heart rate or rhythm (O76)
labor and delivery complicated by meconium in amniotic fluid (O77.0)

O69 Labor and delivery complicated by umbilical cord complications
One of the following 7th characters is to be assigned to each code under category O69. 7th character 0 is for single gestations and multiple gestations where the fetus is unspecified. 7th characters 1 through 9 are for cases of multiple gestations to identify the fetus for which the code applies. The appropriate code from category O30, Multiple gestation, must also be assigned when assigning a code from category O69 that has a 7th character of 1 through 9.

0 - not applicable or unspecified
1 - fetus 1
2 - fetus 2
3 - fetus 3
4 - fetus 4
5 - fetus 5
9 - other fetus

O69.0 Labor and delivery complicated by prolapse of cord

O69.1 Labor and delivery complicated by cord around neck, with compression
Excludes1: labor and delivery complicated by cord around neck, without compression (O69.81)

O69.2 Labor and delivery complicated by other cord entanglement, with compression
Labor and delivery complicated by compression of cord NOS
Labor and delivery complicated by entanglement of cords of twins in monoamniotic sac
Labor and delivery complicated by knot in cord
Excludes1: labor and delivery complicated by other cord entanglement, without compression (O69.82)

O69.3 Labor and delivery complicated by short cord

O69.4 Labor and delivery complicated by vasa previa
Labor and delivery complicated by hemorrhage from vasa previa

O69.5 Labor and delivery complicated by vascular lesion of cord
Labor and delivery complicated by cord bruising
Labor and delivery complicated by cord hematoma
Labor and delivery complicated by thrombosis of umbilical vessels

O69.8 Labor and delivery complicated by other cord complications

O69.81 Labor and delivery complicated by cord around neck, without compression
O69.82 Labor and delivery complicated by other cord entanglement, without compression
O69.89 Labor and delivery complicated by other cord complications

O69.9 Labor and delivery complicated by cord complication, unspecified

O70 Perineal laceration during delivery

Includes: episiotomy extended by laceration

Excludes1: obstetric high vaginal laceration alone (O71.4)

O70.0 First degree perineal laceration during delivery
Perineal laceration, rupture or tear involving fourchette during delivery
Perineal laceration, rupture or tear involving labia during delivery
Perineal laceration, rupture or tear involving skin during delivery
Perineal laceration, rupture or tear involving vagina during delivery
Perineal laceration, rupture or tear involving vulva during delivery
Slight perineal laceration, rupture or tear during delivery

O70.1 Second degree perineal laceration during delivery
Perineal laceration, rupture or tear during delivery as in O70.0, also involving pelvic floor
Perineal laceration, rupture or tear during delivery as in O70.0, also involving perineal muscles
Z3A.08 8 weeks gestation of pregnancy
Z3A.09 9 weeks gestation of pregnancy

Z3A.1 Weeks of gestation of pregnancy, weeks 10-19
Z3A.10 10 weeks gestation of pregnancy
Z3A.11 11 weeks gestation of pregnancy
Z3A.12 12 weeks gestation of pregnancy
Z3A.13 13 weeks gestation of pregnancy
Z3A.14 14 weeks gestation of pregnancy
Z3A.15 15 weeks gestation of pregnancy
Z3A.16 16 weeks gestation of pregnancy
Z3A.17 17 weeks gestation of pregnancy
Z3A.18 18 weeks gestation of pregnancy
Z3A.19 19 weeks gestation of pregnancy

Z3A.2 Weeks of gestation of pregnancy, weeks 20-29
Z3A.20 20 weeks gestation of pregnancy
Z3A.21 21 weeks gestation of pregnancy
Z3A.22 22 weeks gestation of pregnancy
Z3A.23 23 weeks gestation of pregnancy
Z3A.24 24 weeks gestation of pregnancy
Z3A.25 25 weeks gestation of pregnancy
Z3A.26 26 weeks gestation of pregnancy
Z3A.27 27 weeks gestation of pregnancy
Z3A.28 28 weeks gestation of pregnancy
Z3A.29 29 weeks gestation of pregnancy

Z3A.3 Weeks of gestation of pregnancy, weeks 30-39
Z3A.30 30 weeks gestation of pregnancy
Z3A.31 31 weeks gestation of pregnancy
Z3A.32 32 weeks gestation of pregnancy
Z3A.33 33 weeks gestation of pregnancy
Z3A.34 34 weeks gestation of pregnancy
Z3A.35 35 weeks gestation of pregnancy
Z3A.36 36 weeks gestation of pregnancy
Z3A.37 37 weeks gestation of pregnancy
Z3A.38 38 weeks gestation of pregnancy
Z3A.39 39 weeks gestation of pregnancy

Z3A.4 Weeks of gestation of pregnancy, weeks 40 or greater
Z3A.40 40 weeks gestation of pregnancy
Z3A.41 41 weeks gestation of pregnancy
Z3A.42 42 weeks gestation of pregnancy
Z3A.49 Greater than 42 weeks gestation of pregnancy
Z37 Outcome of delivery
This category is intended for use as an additional code to identify the outcome of delivery on the mother's record. It is not for use on the newborn record.

Excludes1: stillbirth (P95)
Z37.0 Single live birth
Z37.1 Single stillbirth
Z37.2 Twins, both liveborn
Z37.3 Twins, one liveborn and one stillborn
Z37.4 Twins, both stillborn
Z37.5 Other multiple births, all liveborn
  Z37.50 Multiple births, unspecified, all liveborn
  Z37.51 Triplets, all liveborn
  Z37.52 Quadruplets, all liveborn
  Z37.53 Quintuplets, all liveborn
  Z37.54 Sextuplets, all liveborn
  Z37.59 Other multiple births, all liveborn
Z37.6 Other multiple births, some liveborn
  Z37.60 Multiple births, unspecified, some liveborn
  Z37.61 Triplets, some liveborn
  Z37.62 Quadruplets, some liveborn
  Z37.63 Quintuplets, some liveborn
  Z37.64 Sextuplets, some liveborn
  Z37.69 Other multiple births, some liveborn
Z37.7 Other multiple births, all stillborn
Z37.9 Outcome of delivery, unspecified
  Multiple birth NOS
  Single birth NOS
Z38 Liveborn infants according to place of birth and type of delivery
This category is for use as the principal code on the initial record of a newborn baby. It is to be used for the initial birth record only. It is not to be used on the mother's record.
Z38.0 Single liveborn infant, born in hospital
  Single liveborn infant, born in birthing center or other health care facility
  Z38.00 Single liveborn infant, delivered vaginally
  Z38.01 Single liveborn infant, delivered by cesarean
Z38.1 Single liveborn infant, born outside hospital
Z38.2 Single liveborn infant, unspecified as to place of birth
  Single liveborn infant NOS
Z38.3 Twin liveborn infant, born in hospital
  Z38.30 Twin liveborn infant, delivered vaginally
  Z38.31 Twin liveborn infant, delivered by cesarean
Z38.4 Twin liveborn infant, born outside hospital
Z38.5 Twin liveborn infant, unspecified as to place of birth

O77.8 Labor and delivery complicated by other evidence of fetal stress
Labor and delivery complicated by electrocardiographic evidence of fetal stress
Labor and delivery complicated by ultrasonic evidence of fetal stress
Excludes1: abnormality of fetal acid-base balance (O68)
abnormality in fetal heart rate or rhythm (O76)
metabolic acidemia (O68)

O77.9 Labor and delivery complicated by fetal stress, unspecified
Excludes1: abnormality of fetal acid-base balance (O68)
abnormality in fetal heart rate or rhythm (O76)
metabolic acidemia (O68)

Encounter for delivery (O80-O82)

O80 Encounter for full-term uncomplicated delivery
Delivery requiring minimal or no assistance, with or without episiotomy, without fetal manipulation [e.g., rotation version] or instrumentation [forceps] of a spontaneous, cephalic, vaginal, full-term, single, live-born infant. This code is for use as a single diagnosis code and is not to be used with any other code from chapter 15. This code must be accompanied by a delivery code from the appropriate procedure classification.
Use additional code to indicate outcome of delivery (Z37.0)

O82 Encounter for cesarean delivery without indication
This code must be accompanied by a delivery code from the appropriate procedure classification.
Use additional code to indicate outcome of delivery (Z37.0)

Complications predominantly related to the puerperium (O85-O92)
Excludes2: mental and behavioral disorders associated with the puerperium (F53)
obstetrical tetanus (A34)
puerperal osteomalacia (M83.0)

O85 Puerperal sepsis
Postpartum sepsis
Puerperal peritonitis
Puerperal pyemia
Use additional code (B95-B97), to identify infectious agent
Use additional code (R65.2-) to identify severe sepsis, if applicable
Excludes1: fever of unknown origin following delivery (O86.4)
genital tract infection following delivery (O86.1-)
obstetric pyemic and septic embolism (O88.3-)
puerperal septic thrombophlebitis (O88.81)
urinary tract infection following delivery (O86.2-)
Excludes2: sepsis during labor (O75.3)

O86 Other puerperal infections
Use additional code (B95-B97), to identify infectious agent
Excludes2: infection during labor (O75.3)
obstetrical tetanus (A34)

O86.0 Infection of obstetric surgical wound
Infected cesarean delivery wound following delivery
Infected perineal repair following delivery

O86.1 Other infection of genital tract following delivery
O86.11 Cervicitis following delivery
O86.12 Endometritis following delivery
O86.13 Vaginitis following delivery
O86.19 Other infection of genital tract following delivery
Z3A.08  8 weeks gestation of pregnancy

  Z37.63 Quintuplets, some liveborn
  Z37.64 Sextuplets, some liveborn
  Z37.69 Other multiple births, some liveborn
Z37.7 Other multiple births, all stillborn
Z37.9 Outcome of delivery, unspecified
  Multiple birth NOS
  Single birth NOS

Z38 Liveborn infants according to place of birth and type of delivery
This category is for use as the principal code on the initial record of a newborn baby. It is to be used for the initial birth record only. It is not to be used on the mother's record.

Z38.0 Single liveborn infant, born in hospital
  Single liveborn infant, born in birthing center or other health care facility
  Z38.00 Single liveborn infant, delivered vaginally
  Z38.01 Single liveborn infant, delivered by cesarean
Z38.1 Single liveborn infant, born outside hospital
Z38.2 Single liveborn infant, unspecified as to place of birth
  Single liveborn infant NOS
Z38.3 Twin liveborn infant, born in hospital
  Z38.30 Twin liveborn infant, delivered vaginally
  Z38.31 Twin liveborn infant, delivered by cesarean
Z38.4 Twin liveborn infant, born outside hospital
Z38.5 Twin liveborn infant, unspecified as to place of birth
ICD-10-CM/PCS Coding for Obstetrics
Mandatory Self-Assessment

Instructions: Select the best answer choice.

1. When a patient is admitted to the hospital for complications of a pregnancy and the hospitalization overlaps more than one trimester, how is the antepartum complication code for trimester assigned?
   - The trimester of discharge
   - Trimester when complication developed
   - Unspecified trimester
   - None of the above

2. What seventh character is assigned when a triplet birth identifies that fetus B (2) has a nuchal cord? We are coding the nuchal cord condition.
   - 0
   - 1
   - 2
   - 3

3. What outcome of delivery code is assigned when quadruplets are born, 2 liveborn, 2 stillborn?
   - Z37.62
   - Z37.9
   - Z37.52
   - Z37.63

4. The patient is in her 26th week and develops hypertension. She has never had hypertension before. What code is assigned?
   - O10.012
   - O16.2
   - O10.013
   - O16.3

5. Code O80 is only reported with ICD-10-PCS code 10E0XZZ.
   - True
   - False

---

Do not send a copy of completed self-assessments to AHIMA. Please keep them with your certificate of attendance, for your records.
ICD-10-CM/PCS Coding for Obstetrics
Mandatory Self-Assessment

6. The third trimester is defined as ________ weeks 0 days until delivery.
   □ 14
   □ 28
   □ 37
   □ 40

7. Amniocenteses would be coded to the Medical and Surgical Section of ICD-10-PCS.
   □ True
   □ False

8. What code is assigned for a preterm labor that started at 25 weeks, was stopped and the delivery occurred at 30 weeks?
   □ O60.10
   □ O60.12
   □ O60.13
   □ O60.14

9. Products of conception include:
   □ Fetus
   □ Umbilical cord
   □ Placenta
   □ All of the above

10. What root operation is assigned in ICD-10-PCS when a high forceps delivery is performed?
    □ Delivery
    □ Removal
    □ Extraction
    □ Resection

Do not send a copy of completed self-assessments to AHIMA. Please keep them with your certificate of attendance, for your records.
To receive your

**CE Certificate**

Please go to the AHIMA Web site

http://www.ahima.org/ContinuingEd/Audio/2012seminars.aspx

click on the link to

“Sign In and Complete Online Evaluation”

listed for this seminar.

You will be automatically linked to the
CE certificate for this seminar after completing
the evaluation.

*Each person seeking CE credit must complete the mandatory self-assessment which can be found in the appendix of the resource materials, as well as complete the sign-in form and evaluation to view and print their CE certificate.*
